

Dear Residents of the Glen and Glen Heights,

In an ongoing effort to save money on plant replacement due to urination, the Board approved at our last meeting to implement our new Potty Project. We have set up potty stations around the outside of our circle with some arranged rocks (see photo) across from the following units: 82,86, 92, 100, and the open area across from 34-36. We will spray the rocks next week with a pet friendly application to attract dogs to pee in these areas away from any plants. We ask that you guide your dogs to these areas and guide them away from the main lawn. Please be reminded that dogs need to be walked on the outside perimeter away from people's front yards. We are trying so hard to reduce the cost of plant replacement due to urine, and we hope that you will help us in this endeavor.

Thank you,
Gardening

Sincerely,
Liane Cunningham, CCAM
